CHARLES TOWLE COO & MANAGING PARTNER

Charles Towle is Chief Operating Officer and Managing Partner at US Capital, a full-service global private financial group with primary offices in San Francisco, Philadelphia, Miami, London, Milan, Zurich, and Dubai. In addition, he serves as CEO of the group's FINRA-member, SEC-registered broker-dealer affiliate, US Capital Global Securities LLC, and Co-Managing Partner of the group's investment management division.

To date, Charles has overseen the origination and closing of over \$6 billion in transactions for US Capital. Over the past 15 years, he has helped transform the group into a global FinTech investment bank and industry leader in debt and equity financing and capital formation services for the middle market. Championing a new values-driven approach in investment banking, Charles has helped build the group's strong focus on sustainable, impact, and ESG investing.

In 2021, Charles was selected as a winner of the Secured Finance Network's esteemed "40 Under 40 Awards." The awards, which takes place annually, seek to recognize and celebrate talented young professionals across the nation who are poised to impact the future of the financial industry.

From childhood, Charles developed a deep interest in the sacred texts and wisdom traditions of India. By applying its

values and teachings in the arena of business and investment banking, Charles helps bridge the East and the West, the ancient and the modern. Charles is the author of a groundbreaking white paper in which he integrates the values of truth (*satya*), purity (*shaucha*), non-violence (*ahimsa*), and discipline (*tapas*) into business leadership. He is a thought leader in transformational leadership and values-driven approaches to investment banking, and is regularly invited to speak at conferences internationally.

In November 2020, Charles co-sponsored the purchase and development of a new 53-acre ashram and retreat center for meditation and peace in the stunning Catskills, an area of New York historically known as a haven for writers, artists, and musicians. The ashram specializes in cultivating personal growth and sacred experiences through yoga and the ancient musical practice of kirtan.

Dedicated to preserving the cultural and intellectual capital of the East, Charles is a longtime Board Member and the Finance Director of Gaudiya Vedanta Publications, an independent publishing house headquartered in California that has published more than 100 classics on Vedanta, yoga philosophy, and *bhakti* mysticism in multiple languages. Charles has established an endowment fund to ensure that each publication, once released, remains in print in perpetuity.

In pursuit of the Eastern aspiration of *seva*, selfless service, Charles takes a special interest in protecting and preserving spiritual heritage sites in India, as well as in supporting the education, development, and wellbeing of children from vulnerable communities in the United States and abroad. To that end, he has provided invaluable grassroots financial and strategic support for combatting the mass-hunger, loss of livelihood, and medical crisis caused by Covid-19 in India. In addition, Charles actively supports a number of local and international non-profits, including The Puente Project in California and Food for Life in India.

Charles received a B.S. in Business Administration (emphasis in Corporate Finance and International Business) and an M.B.A. (emphasis in Sustainable Business) from San Francisco State University. He holds Series 24 and 79 registrations from FINRA.
